Art Unit: 1752

1. Claims 1, 4-15, 18,19, 22-25 and 28-30 are rejected under 35 U.S.C. 103(a) as being unpatentable over Sezi et al. in view of Hattori et al. for the same reasons as set forth in paragraph 4 of the last office action filed 7-18-05.

2. Claims 1, 4-15, 18, 19, 22-25 and 28-30 are provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 20 and 21 of copending Application No. 10/337575 for the same reasons as set forth in paragraph 3 of the last office action. This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented. The amendment to the claims limiting the filler to zirconia does not overcome this rejection since the claims of 10/337575 reasonably include the fillers disclosed as suitable in the specification wherein zirconia is disclosed.

3. Applicant's arguments filed 11-07-05 have been fully considered but they are not persuasive. The declaration is unconvincing since it lacks any details of the comparisons preformed, e.g. particle sizes and concentrations. Also, there is no basis in the specification for the property of thixotropy being important or critical to the invention. The specification discloses silica and zirconia as equivalent fillers and is silent as to thixotropy. Also, since the specific zirconia fillers in the specification are 13nm and at 9-20% by wt., the declaration may not be commensurate in scope with the claimed subject matter of sizes <100nm and any concentration. The declaration does not overcome the double patenting rejection since the claims include the disclosed fillers of zirconia. It is noted that claim 15 does not have % by weight as in other claims.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
